Wants Audit of Pulaski School Books

LITTLE ROCK (AP) — Winston G. Chandler, a Pulaski County (Rural) School District director, demanded Tuesday that the state make a special audit of the district's books.

State Comptroller L. A. Mashburn replied that he would not make an audit since only Chandler wanted it. He said that if the entire board or a majority of the members requested an audit he would make one.

Harry A. Lange of Little Rock, a certified public accountant, recently completed an audit of the district for the year ended June 30, County School Supt. E. F. Dunn said.

Mashburn said he had accepted Lange's audit.

Chandler said he wanted the audit made because, "I have made allegations of irregularities in the bookkeeping before the public. I think it is time this is cleared up once and for all to see who is right and who is wrong."

Mashburn said he thought Chandler's request was "just politics as far as I'm concerned."

C. E. Boyd is running against Chandler for the county board post.

Rights Party Picks Its Candidates

NORTH LITTLE ROCK (AP) — The National States Rights Party of Arkansas certified the presidential and vice presidential candidates of the party at the state convention here Tuesday.

But the convention, held at the home of Thomas J. Bardin, did not certify gubernatorial candidate Kenneth Hurst because he wanted to be present when it was done and could not get to the convention Tuesday.

John Kasper of Nashville, Tenn., and J. B. Stoner of Atlanta were certified as presidential and vice presidential candidates.

Hurst, of Clarendon, said he would be in Little Rock before Saturday, the deadline for him to be certified, so that he could be certified in the presence of news media.

The party also named six electors and two alternates. They were: C. E. Scott of England; Lawrence Huckaba of Palestine; Bardin, E. L. Bishop of Fayetteville; J. H. Caldwell of Parkdale; and Mrs. Ruth Collier of Little Rock. Mrs. Bishop and Mrs. Bardin are alternates.

State Facilities Show Promise

LITTLE ROCK (AP) — A study group says Central Arkansas has basic facilities for a giant medical research, diagnostic and treatment complex equal to any in the nation.

Dr. Garland D. Murphy Jr. of El Dorado, chairman of the Arkansas Economic Development Council, said preliminary reports on a study being made by his group show "remarkable possibilities for such a complex. He said it would add millions of dollars annually to the Arkansas economy and, more important, would keep Arkansas doctors from having to send their patients to other states for specialized treatment.

Murphy said he hoped to have the first section of the study read for members of the AEDC at a meeting in Little Rock next week.

Can Destroy World, Brags Khrushchev

By HENRY S. BRADSHAW

MOSCOW (AP) — Premier Khrushchev says the Soviet Union has a new secret weapon which could destroy all life on earth. His words seemed to be aimed primarily at Red China and not at the West.

Khrushchev, who did not describe the weapon, was speaking to a Japanese parliamentary delegation Tuesday. The Japanese said he mentioned the weapon during a blast at Chinese Communist leader Mao Tse-tung.

Khrushchev accused Mao of wanting to take over Soviet territory. The Japanese said Khrushchev told them the Soviet Union hates war and doesn't want to use its new weapons, but "if you live among wolves, you should howl like a wolf."

Khrushchev made no mention of the West during his discussion of new weapons, the Japanese reported.

He told them that Soviet military men and scientists on Monday had showed him "new means of destruction" which the Soviet Union now possesses. He said he was amazed to learn that it could end all life.

Kenji Fukunaga, leader of the Japanese delegation, told a news conference today that he had the impression that Khrushchev was referring to one weapon, not several.

In Washington, U.S. government experts said Khrushchev might be talking about a cobalt bomb, which would produce huge amounts of lethal, long-lived radioactive fallout; a "death ray," possibly a highly concentrated, intense beam of light; a neutron bomb that would destroy life without damaging structures in the target area, or some major advance in chemical or germ warfare.

The Japanese said Khrushchev did not say specifically that the new Soviet weapon is nuclear, but they understood him to mean that. They said after telling them of it, he discussed the need to use nuclear energy for peaceful purposes.

Finds Trained Porpoise That Was Freed Afraid of Ocean and Returned on a Signal

By MALCOLM BARR

HONOLULU (AP) — Keiki is a young porpoise and the Pacific is its backyard.

The playful, intelligent animal was one of the brightest youngsters in the school at Hawaii's Oceanic Institute and was singled out for an experiment which frightened it half to death and caused a group of marine researchers to dance a jig.

Keiki was, so to speak, taken off the leash and allowed to roam in the ocean.

It was a breath-taking experiment for the porpoise and for the trainers. After being in captivity for several months, Keiki wasn't too enthusiastic about the turbulent Pacific.

"He was terrified, scared stiff," said Dr. Kenneth Norris, the institute's vice president.

Keiki was trained first in a tank at the institute, and later in a lagoon. Norris, Taylor Pryor, president of Sea Life Park and of the institute; and Pryor's wife, Karen, park curator, then took the porpoise out to sea.

"We told him to beat it, to get lost, go join his friends," said Hal Boyle is ill

Meeting Purely Ceremonial

WASHINGTON (AP) — The meeting between the American and Mexican presidents Sept. 25 in Texas will be a purely ceremonial one, informed sources said today.

This appeared to rule out any likelihood that Presidents Johnson and Adolfo Lopez Mateos would find time to talk about such problems as Communist Cuba, Latin-American affairs in general or U.S.-Mexico topics when they meet in El Paso to celebrate settlement of the Chamizal boundary dispute.

Both Mexican and U.S. sources said the two presidents do not plan to talk business but simply to participate in ceremonies marking settlement of an old border dispute which for nearly a century had plagued relations between the two countries.

Under a settlement announced July 18, 1963, Mexico is to gain a net 437 acres in an exchange of lands under which both countries ceded acreage to the other.

Hypocrisy Laid to LBJ Rights Stand

By CHARLES DMAS

KEARNEY, Neb. (AP) — Rep. William E. Miller directed his sharpest fire at the liberal philosophies of Sen. Hubert Humphrey today as he pressed his campaign through the Midwest.

The Republican vice-presidential nominee's renewed assault on Humphrey in the farm belt followed his "bombshell" charge in Texas Tuesday that President Johnson had discriminated against Negroes in a land sale.

Miller told a Republican rally on the campus of Kearney State College that he was not satisfied that Humphrey, the Democratic vice-presidential candidate, had resigned as a vice chairman of the Americans for Democratic Action (ADA). Miller again called it "a radical leftist group."

He demanded that the Minnesota senator explain exactly which of what Miller termed the ADA's "dangerous" views Humphrey agreed with and which he did not. A crowd of about 1,500 applauded his assault on Humphrey.

After opening the day's campaigning here Miller moved on to Lincoln, Neb., and listed stops also at Topeka, Kan., and Des Moines, Iowa.

The peppery New York congressman sailed into the President in Johnson's own backyard Tuesday.

He accused Johnson of inserting an anti-Negro covenant in the deed for property he sold in 1945 to a former mayor of Austin and said this exposed Johnson's current stand for equal rights as hypocrisy.

There was no immediate comment from Johnson.

The Miller charge, delivered in dramatic fashion before a cheering crowd of about 4,200 at the Texas Republican State Convention, was billed by his aides as a bombshell.

LITTLE ROCK (AP) — McClintock Bros. Co. of Fayetteville bid apparent low at \$7,350 Tuesday to resurface roads in four Norfolk Reservoir recreation areas. Sanford Construction Co. of Fort Smith bid \$3,985 for apparent low on construction of a shelter area on Blue Mountain Reservoir. Army Engineers received the bids.

Districting Round Lost by Johnson

WASHINGTON (AP) — Liberal Democrats in the Senate said today they would continue talking against a move to delay court-ordered reapportionment of state legislatures until they are able to sidetrack the proposal.

They said they still hoped the proposal sponsored by Republican Leader Everett M. Dirksen could be replaced by a milder substitute despite failure to do so in a tight 42-40 vote Tuesday.

"As long as we stay here and talk," said Sen. William Proxmire, D-Wis., "we are going to win. And we are prepared to stay here and talk."

The continuing stalemate threatens to delay congressional adjournment indefinitely — possibly even until just before the Nov. 3 election at which all House and 35 Senate seats will be at stake.

The Dirksen proposal would delay for at least one year court-ordered reapportionment of state legislatures to get in line with the Supreme Court's ruling that both houses be apportioned according to population.

Dirksen offered it as a rider to the \$3.3-billion foreign-aid authorization bill in order to ward off a possible presidential veto. Dirksen is convinced he has enough votes to adopt it if it can be brought to a vote.

The liberals, talking to prevent a vote on Dirksen's rider, joined Tuesday in backing a compromise substitute which stated it was the "sense of Congress" that reapportionment be delayed in order to give states "reasonable time" to comply with the Supreme Court's ruling or to consider a constitutional amendment to nullify or change the court's directive.

The compromise lacked the force of Dirksen's rider, designed to prevent any further reapportionment until such a constitutional amendment can be pushed through.

In another vote Tuesday, the Senate rejected 56 to 21 an effort to replace the Dirksen rider with the tough House-passed bill to strip federal courts of any jurisdiction in state apportionment cases.

Strike Deadline Against Ford Set by Union

By GENE SCHROEDER

DETROIT (AP) — The United Auto Workers Union today set a strike deadline of 10 a.m. (EST) Friday at the Ford Motor Co. in new contract bargaining.

UAW President Walter P. Reuther announced the deadline just before entering the bargaining room.

"We are prepared to join with the company in good faith to resolve the questions that are still unsettled," Reuther said.

Although Ford has offered the union virtually the same economic package the UAW accepted from Chrysler last week, Reuther said there still were questions to be settled on such matters as wage inequities, relief time for assembly-line workers, and production standards.

The UAW leader said he had hoped to avoid the necessity of setting a strike deadline but now that one was necessary he was prepared to spend as many hours as needed at the bargaining table to reach an agreement.

Meanwhile a new strike threat loomed on the Chrysler scene.

The UAW placed Chrysler under a new strike threat Tuesday. (Continued on Page Two)

Goldwater in Deep South Campaigning

By WALTER R. MEARS

ATLANTA (AP) — Sen. Barry Goldwater brought his presidential campaign into the Deep South today with a prediction that many Southern Democrats "are going to vote Republican this fall."

Goldwater arrived at the Atlanta airport and spoke briefly to a crowd of several hundred in advance of a major address in a downtown park.

The Republican nominee received cheers and applause when he said he did not believe the South should be forgotten.

Goldwater came here from Winston-Salem where he leveled criticism at the U.S. Supreme Court and said some Democrats don't even think the South is part of the United States.

Goldwater accused the court of "ruling on the way they like to see things."

"I happen to believe in states' rights," he said. Goldwater said Southern Democrats do, too. He said that states' rights are the key — and their destruction "the groundwork for dictator."

Johnson to Meet Canada Minister

By RANK CORMIER

WASHINGTON (AP) — President Johnson, embarking on his first major trip of the campaign season, racks up a couple of firsts today — by touching foreign soil and by traveling in a foreign plane.

Johnson, who will be gone from Washington two days on a Western foray labeled nonpolitical by the White House, flies first to Great Falls, Mont., to be picked up by Prime Minister Lester B. Pearson of Canada.

The two men were to fly to Vancouver, British Columbia, aboard the prime minister's American-made Jetstar transport — twin to the Air Force craft frequently used by the President in his American travels.

Veterans around the White House could remember no previous occasion on which an American president agreed to travel aboard an airplane of a foreign government.

Johnson's trip to Vancouver marks his first venture outside the United States.

Johnson's meeting with Pearson was arranged ostensibly to jointly commemorate implementation of an American-Canadian treaty aimed at orderly development of the Columbia (Continued on Page Two)

Expansion of Local Plant Is Announced

Missouri Research Laboratories, Inc., announced today it has completed negotiations for the acquisition of Standard Electric Company, Inc., of St. Louis and Parts Exchange, Inc. of Elsberry, Missouri.

Standard Electric Company, Inc. is engaged in the remanufacturing of generators, alternators, starters, and armatures for the rapidly expanding replacement parts market in the automotive industry. Parts Exchange, Inc. is engaged in the remanufacturing of voltage regulators, starter solenoids, bonded brake shoes, and starter drives for the same distribution. The transaction was affected for cash and notes.

Missouri Research Laboratories, Standard Generator Division, has been a significant factor in the automotive aftermarket for many years and the acquisition of these new operations make Missouri Research Laboratories the largest automotive electrical rebuilder in the Midwest and will rank it among the major national firms in this business.

It is planned that the two acquired companies will operate as separate divisions of Missouri Research Laboratories with no changes in general sales or operating policies, and Hugh Crabtree, President of the companies will continue as consultant.

The Standard Generator Division operates a plant in the former Southwest Proving Ground area at Hope which is presently employing some 65 to 75 persons. With these two new additions the local plant will increase its capacity some 60 to 70 percent, according to Bob Tolleson, local manager of the plant, and the Hope Chamber of Commerce.

Smouldering Fire Watched by Firemen

Hope Fire Department continued its vigil over the smouldering ruins of four local businesses that burned Monday, taking the lives of three persons.

Besides the Hotel, a woman's apparel store, the Smart Shop; Hazel's Beauty Shop and Spauld's Florists, were completely destroyed.

Officials indicated they would just have to wait until the smouldering debris burned itself out. Then the task of hauling off the ruins will get underway. Heavy rainfall here today, will help, the Fire Department indicated.

day, although Reuther announced only a week ago today that "an historic labor agreement worth 54 cents an hour" had been wrapped up there.

Although he failed to mention it at the time, the national economic agreement Reuther announced covered only hourly rated production and maintenance employees at Chrysler. Agreement since has been worked out regarding parts depot workers.

Douglas Fraser, UAW Chrysler department chief, served notice Tuesday that some 7,000 salaried office and engineering personnel represented by the union would walk out on Chrysler Friday at 10 a.m. unless agreement came by then on a new national contract for them.

One union source conceded "we have only three-fifths of a national agreement at Chrysler, but it covers the vast majority."

The UAW has some 67,000 members employed in production, maintenance and parts at Chrysler.

Office and engineering personnel were reported dissatisfied with vacation pay allowances, pay inequities, retraining programs and non-uniform scheduling of days off, among other things.

Ford negotiations were interrupted for five hours Tuesday by a wildcat strike promoted by tool and die workers in the company's huge Rouge complex in suburban Dearborn. The company abruptly broke off bargaining and refused to resume until workers were back on the job.

Reuther and Malcolm Denise, Ford vice president and labor relations chief, earlier had expressed optimism that a new agreement could be reached quickly on Ford's offer to match the Chrysler economic package.

But after the interruption and a night session, Reuther said, "we are a considerable distance apart on basic non-economic issues," and added: "We still could have a strike (at Ford) unless we get what we think we're entitled to on non-economic issues."

Goldwater said he doesn't want more power in the White House. "I want to return power," he said.

KNOXVILLE, Tenn. (AP) — Sen. Barry Goldwater pressed his hunt for Republican votes in the Deep South today, challenging President Johnson to tell the American people where he stands on Communist Cuba.

The Republican presidential nominee raised that point in a speech prepared for delivery here, in a state with a built-in political question mark.

The question: How will Tennessee react to the Arizona senator who has called for the sale of big portions of the giant Tennessee Valley Authority.

Goldwater has said TVA steam-operated power plants, plus the authority's fertilizer program, should be sold to states or communities, to private industry or to a special corporation. Other TVA operations, he said, should be put in the hands of federal agencies that operate similar programs elsewhere.

Goldwater's other stops today on the second of a four-day Southern campaign swing: Memphis and River Bluff, Tenn.; Macon, Ga.; and Montgomery, Ala.

Goldwater tied into Johnson on the Cuba question by accusing him of "blue-pencil attempts to delete political mistakes" from a speech he delivered Tuesday to the International Association of Machinists in Miami.

Goldwater said Johnson asked reporters to delete two "extremely damaging or at least dubious statements in regard to Communist Cuba" from the text of his Miami speech.

One, he said, "was that Castro has failed to spread communism in this hemisphere. That is incredible."

He said the other statement was that "Castro's Communist dictatorship in Cuba poses no threat to the United States."

"There are all too many questions piling up at the door of the White House," Goldwater said. "Questions about Viet Nam questions about Bobby Baker, questions about private gains from public office, questions about the political use of defense contracts, and now questions about the President's policy and posture regarding Cuba."

"The questions should be answered," Goldwater said. "The American people deserve the truth before they cast their votes in November."

He told more than 4,000 people at the Tampa, Fla., airport Tuesday night the Democrats have only an "empty shell that was once a great party."

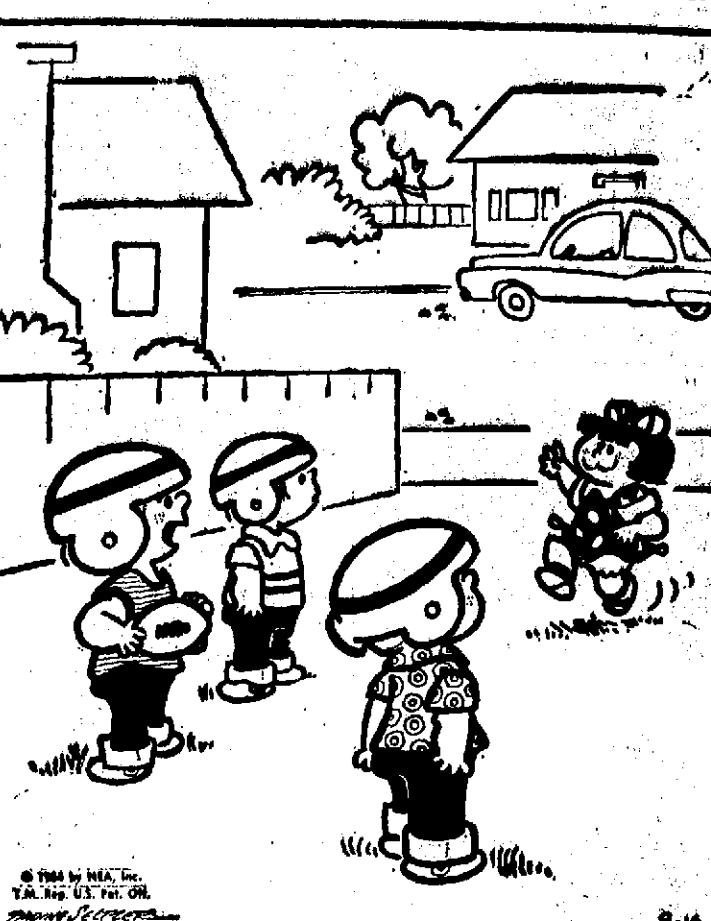

Goldwater drew crowds all along his opening day route. In Atlanta, where an estimated 20,000 people heard him speak in the heart of the city, thousands more lined his motorcade route, and another 10,000 turned out in a shopping center at nearby Decatur.

He hammered at the states' rights theme, and denounced what he called lawlessness in the streets.

"We are headed toward the law of the jungle," Goldwater told 12,000 people at a St. Petersburg, Fla., baseball park Tuesday night. "Unless persons and property are secure from the marauders, we have no government worthy of the name."

Can "Win" Rockefeller Beat Orval Faubus?

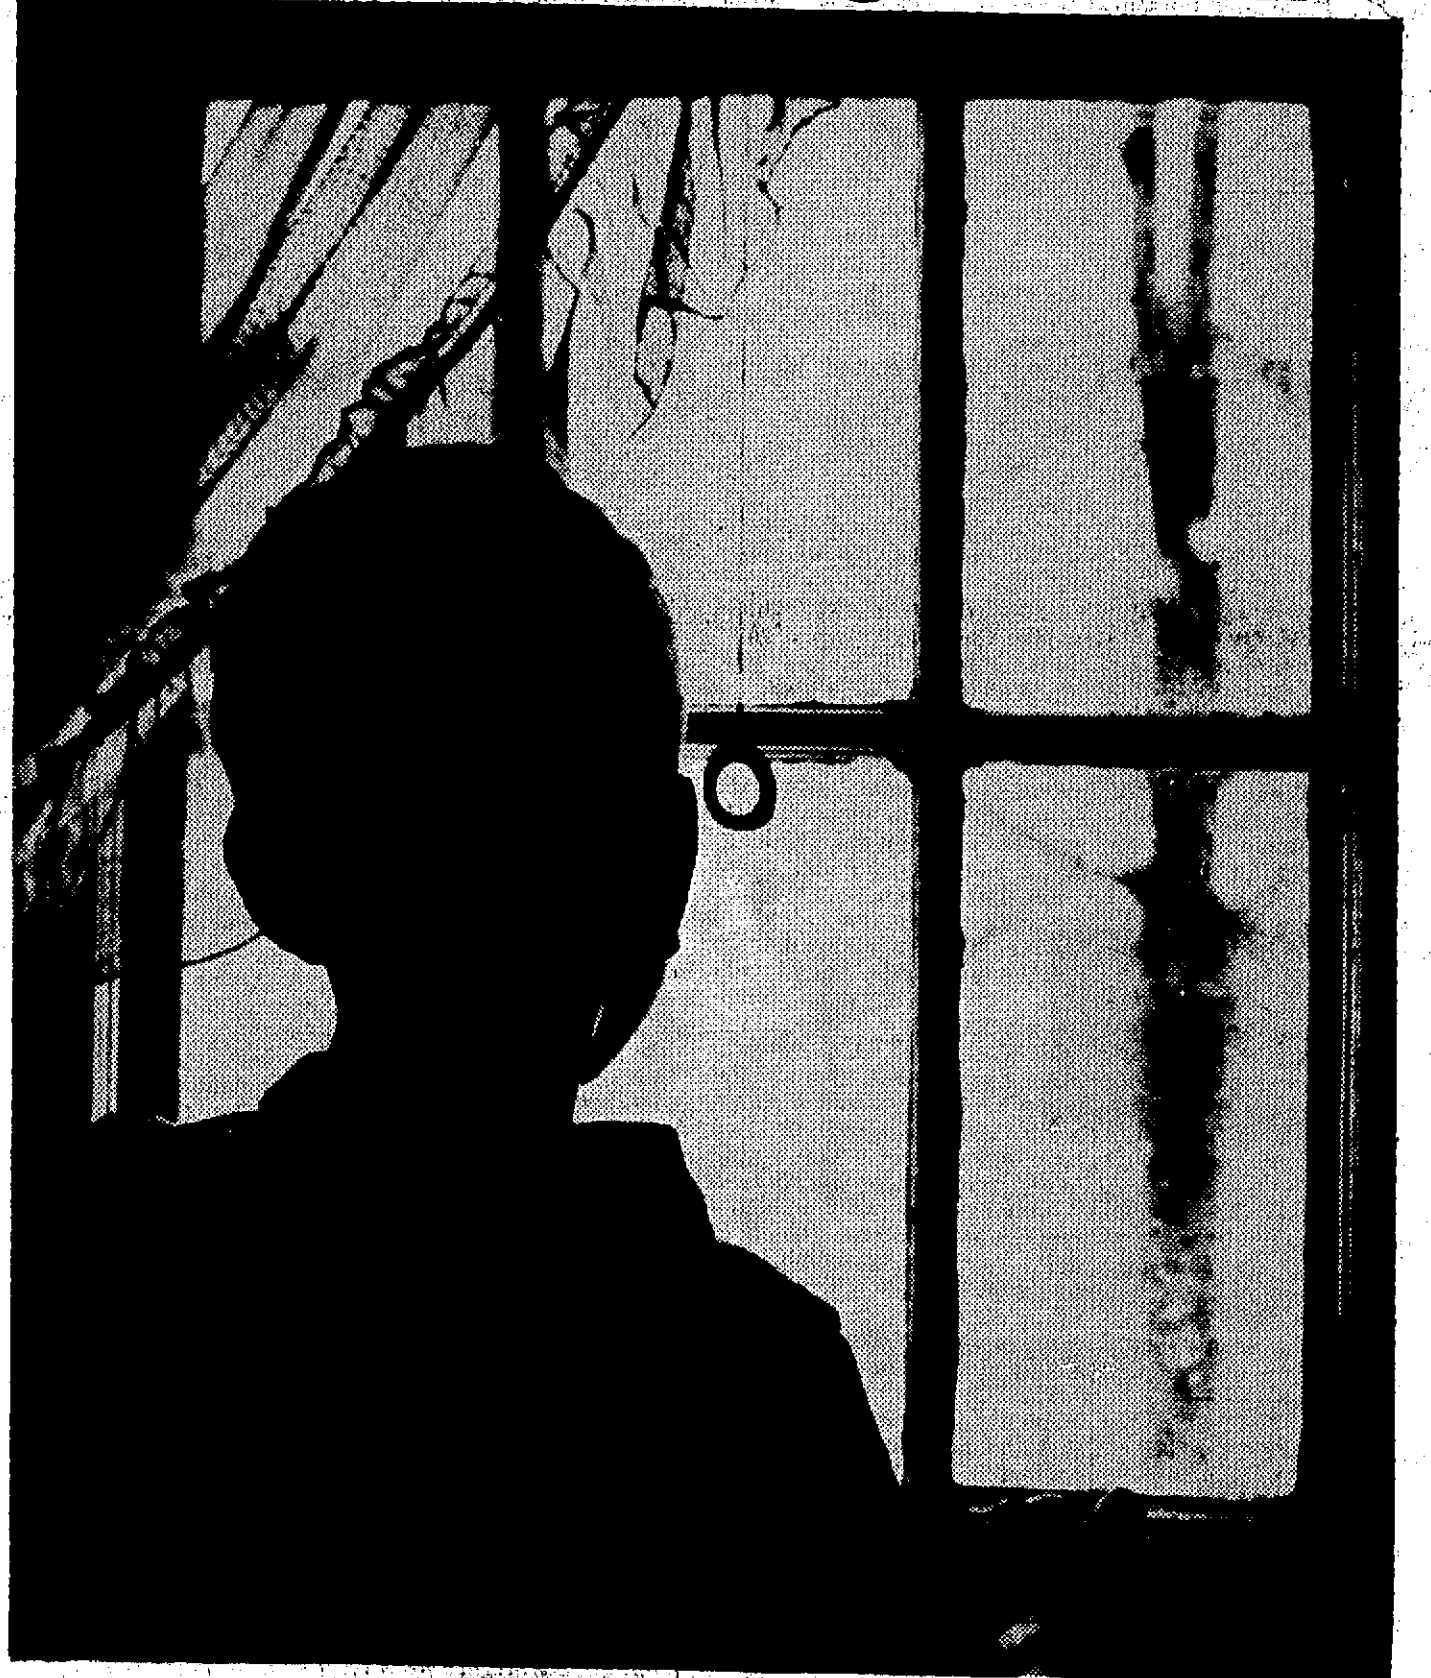

On the face of it, the race for the Governor's seat is pathetically unequal — yet, according to a report in this week's Saturday Evening Post, most insiders agree that Rockefeller's chances are at least fair-to-good. Working hard in his favor is his record as head of the state's Industrial Development Commission. He has brought about 600 new industries — with 90,000 jobs — to Arkansas. He has also come out solidly for Goldwater, even endorsing Goldwater's vote against the civil rights bill. And he has plenty of money to support a major campaign. But can Rockefeller, running on the Republican ticket, get the widespread Democratic backing he needs to win? Will his divorce from "Bobo" be used as a campaign weapon against him? Is Governor Faubus' influence in the state too great to be overcome? What exposes is each candidate planning to explode as election day draws near? Read "The Other Rockefeller," a cool analysis of a hot political contest in this week's Saturday Evening Post.

Amateurs Copy Way of Pros on TV

By JIM BECKER
Associated Press Sports Writer
CLEVELAND (AP) — The National Amateur Golf Championship has a television rating about as high as a United Nations debate on low life in the Upper Volta, but you'd never know it by watching the players.

"I'm afraid they tend to think they're on television," said Joe Dey, head man of the U.S. Golf Association.

"And of course they copy what they see the pros do on TV."

Dey was sighing about the slow play of the amateurs.

When the boys got through straggling around the Canterbury course Tuesday, it took a score of 153 for the 36 holes to qualify for the title bracket.

Exactly 64 players of the field of 150 got in at 153 or better, so there was no need for a playoff in the gloom.

Two young southerners, Marvin Giles III of Lynchburg, Va., and Robert Greenwood Jr., of Cookeville, Tenn., led the way with scores of 143, one over par.

All the name players made it. Bill Campbell had 146; Downing Gray 147; Billy Joe Patton and Dr. Ed Updegraff 149 and defender Deane Beman 149.

The 64 survivors go into match play now, with two 18 hole matches today and two

Thursday. The semifinals and finals — all at 36 holes — are Friday and Saturday.

Dey described the pace of play this way:
"A fellow hit his ball on the green, and he marks it with a coin, and he cleans it. Then he looks the putt over."

"That takes so long it will soon require a degree in civil engineering to putt."

"He misses, say from 20 feet. He's a fool short, so he marks the ball again, and cleans it off. Then he puts it down, surveys again, and putts."

"You have three fellows do that every green and it takes time."

Dey said it was all within the rules. He said the recent rules changes allowing a player to clean his ball on the putting green any time, picked up first by the pros and now by the

Callison Wins for Phils, Lead Goes to Six

By TED MEIER
Associated Press Sports Writer

Winning ball games is getting to be a habit with Johnny Callison.

The Philadelphia Phillies' outfielder whose ninth inning homer won the All-Star game for the National League in July, delivered the decisive blow again Tuesday night.

His sixth inning single scored Richie Allen from second base with the run that gave the pennant-bound Phils a 1-0 victory over the Houston Colts.

The Phils now lead the second place St. Louis Cardinals by six games with 17 left to play.

The Cards whipped Milwaukee in both ends of a two-night doubleheader 11-6 and 3-1. Third place San Francisco beat the New York Mets 3-1 while the Chicago Cubs dimmed Cincinnati's hopes 6-1.

The Giants and Reds now trail the Phils 7½ and 8½ games, respectively.

Los Angeles downed Pittsburgh 5-3 in the other NL game. The Chicago White Sox edged Detroit 3-2 in 10 innings and moved into second place, one game behind Baltimore, in the tight American League race.

Baltimore lost to Minnesota 2-1 and the New York Yankees dropped to third by absorbing a 7-0 shutout from the Los Angeles Angels on Dean Chance's two-hitter.

Boston blanked Kansas City 8-0 while the Washington at Cleveland game was postponed. Callison's game-winning single followed Allen's lead-off double in the sixth. Dennis Bennett and Jack Baldschun shared the pitching honors for the Phils yielding only four hits. Bennett, lifted for a pinch-hitter in sixth, gave up three of them.

Baldschun saved the game for Bennett by twice putting down Houston threats.

A five-run seventh inning gave the Cards their first game win over the Braves. Bob Gibson's four-hitter and Julian Javier's two-run homer defeated the Braves in the nightcap.

Javier's homer off rookie southpaw Wade Blasingame came with Mike Shannon on first and two out. That wiped out a 1-0 Milwaukee lead and accounted for the Cards' 17th victory in their last 22 games.

Field Goal Wins for Stampeders

HAMILTON, Ont. (AP) — Larry Robinson's 24-yard field goal in the last quarter gave the Calgary Stampeders a 20-18 victory over the Hamilton Tiger-Cats in a Canadian Football League game Tuesday night.

It was Robinson's second field goal of the game played before 25,121.

The victory put Calgary in first place in the western division.

Travelers Take First Playoff Game

SAN DIEGO, Calif. (AP) — Righttender Dallas Green chucked off the San Diego Padres on four hits, carrying Arkansas to a 4-0 victory in the Pacific Coast League pennant playoff series here Tuesday night.

That gave the Travelers a 1-0 lead in the best-of-seven series.

Arkansas' rapped loser Dan Neville and Ed Davidson for 11 hits, including the game's only homer, a blast over the right-field fence by Pat Corrales in the fifth inning.

The Travelers got their first run in the first inning when Bill Sorrell, who had doubled, scored on a single by Bobby Malkmus.

Corrales homered in the sixth. Then Costen Shockley, the PCL's home run leader, was safe on first baseman Tim Harkness' error. Norm Gigon singled him to second. John Upham bunted and Neville threw wildly to first, leading the bases.

Lee Elia slapped a sacrifice fly, which brought Shockley home.

In the ninth, Malkmus walked, Bill Heath singled and Shockley bunted to load the bases. Gigon hit back to the pitcher, who threw to home to get Malkmus, and then went back to first for a doubleplay.

But Heath, galloping from second, came home on the play. It was the first shutout of the year for Green, who fanned seven, walked none and retired San Diego batters in order in seven innings.

hitter and Tom Haller homered for the winning run against the Mets to keep the Giants in contention, at least for second place money.

Larry Jackson became the first 20-game winner in the majors this season as the Cubs drubbed Cincinnati. Jackson yielded six hits, three of them in the first inning that accounted for the Reds' lone tally.

Willie Davis, Ron Fairly and Bart Shirley each got three hits to lead the Dodgers over Pittsburgh. Down 4-0, the Pirates pulled within 4-3 with two runs in the seventh before Bob Miller came in and saved the victory for Larry Miller.

Malvern and Crossett Take District Lead

Pre-season favorite Malvern and unranked Crossett take over the early season leadership in the Div. 4AA football conference, each with a 1-0 league mark. This situation won't last long, haring a tie, as they play each other this weekend.

In another conference battle Fairview travels to Smackover. Both these teams played a tie in their opening games last week. Fairview and Camden tied at 6-6, while Smackover play non-league El Dorado to a 0-0 tie. Other results: Hope 19 Prescott 7; Warren 20 Monticello 8; Crossett 34 Arkadelphia 0; and Malvern 20 Magnolia 7.

Other games this week include the following non-league games; Camden at Benton; Hope host to DeQueen; Magnolia host to Prescott; and Warren at Dumas.

In the old seven team league one defeat put a team in danger of being out of the running. This year with the league expanded to nine teams, many feel that two defeats might not eliminate a team from possible title consideration.

Malvern, and defending champion Hope have been established with Smackover rated a strong "darkhorse."

Early season attendance reports indicate much interest in Div. 4AA football and member schools are expecting good turnout for their conference contest.

In the early season Individual Scoring race Crossett's Bill Meadows has taken the lead with 22 points on three touchdowns and four extra points.

Phil Clem of Malvern is second with 19 points, and Jerry Burnett of Hope is third with 18 points.

FAYETTEVILLE, Ark. (AP) — A Texas tandem holds the key to Arkansas football success this year with the worst Razorback season since 1958 as the springboard.

The Texans are Jerry Lamb, a 6-foot-1, 185-pound end as deceptive and dangerous as a sidewinder, and Ronnie Caveness, a 6-foot, 210-pound center-linebacker who hits like a Braham bull.

Lamb and Caveness, both from Houston, tied for outstanding sophomore of 1962 in the Southwest Conference. They are twice-lettered seniors this season.

Arkansas, which is the only non-Texas member of the SWC, doesn't cotton to Texans, except those that come to play football for the Razorbacks.

Lamb and Caveness were the Arkansas representatives on the all-conference team in 1963, when the Razorbacks went 5-5, their worst showing since 1958.

Yankees Reel, American Lead Gets Closer

By DICK COUCH
Associated Press Sports Writer

Eight percentage points blanket the three American League pennant contenders today and it's more than a Chance happening.

A good part of the credit, of course, belongs to Dean Chance, the Los Angeles Angels' marvelous right-hander whose two-hit, 7-0 mastery of New York Tuesday night helped send the Yankees reeling into third place in the flag race.

But Minnesota's Rich Rollins, who drove in both runs in a 2-1 close call over Baltimore, that prevented the Orioles from padding their lead, rates a nod. So do Smoky Burgess, a 37-year-old AL "rookie," and Marv Staehle, a first-time swinger, who lifted the Chicago White Sox back into the second spot by engineering a 3-2, 10-inning verdict over Detroit.

The White Sox' victory put them one percentage point ahead of the Yankees, who trail the Orioles by seven points and 1½ games. Chicago and Baltimore had a 4-6 record in Broyles' first year as head coach.

Before the 1963 collapse, Arkansas had won the three SWC championships, finished second once with an 8-2 record, and played in four major bowl games.

In two years at Arkansas, Lamb has caught 42 passes for 725 yards and six touchdowns, giving him a good shot to rank second among all-time Arkansas receivers.

Caveness, playing mostly defense, racked up 34 unassisted tackles, 120 assists and threw opposing ball carriers for 74 yards in losses last season.

Around these two dependables, Broyles is building the offense and defense.

The cat-quik Caveness led a respectable Arkansas defense last season, evidence of the fact that the Razorbacks' five losses were by a total of 23 points, or less than a touchdown per loss.

Lamb has proved his offensive prowess. Broyles expects the rest of the offense to prove itself this season.

Chance was locked in a 1-0 duel with Downing, whose seven strikeouts boosted his league-leading total to 196, until Joe Adcock triggered a six-run ninth inning explosion with his 21st home run. Before the inning was over, Willie Smith had pinch-hit a bases-loaded triple off reliever Hal Renitt and the Angels were home free.

Minnesota used six pitchers to hold the Orioles, Al Worthington getting the final out in the ninth with the tying run on third base. Rollins' ninth-inning triple off Harvey Haddix, third of four Baltimore hurlers, followed a pinch single by Frank Kostro.

Back-to-back doubles by rookie Jay Ward and Rollins in the seventh matched the Orioles' run in the third, fashioned on a single by Jack Brandt, a sacrifice, intentional walk and Bob Johnson's RBI single.

Chicago's Martin opened the 10th with a single off Wickersham, who failed in his bid for second on winning pitcher Hoyt Wilhelm's sacrifice bunt and before Staehle came through with a hit to left.

Chances were lowered his major league-leading earned run average to 1.40. He set LA season records of 233 2/3 innings pitched and 187 strikeouts Tuesday night, fanning eight.

Chance was locked in a 1-0 duel with Downing, whose seven strikeouts boosted his league-leading total to 196, until Joe Adcock triggered a six-run ninth inning explosion with his 21st home run. Before the inning was over, Willie Smith had pinch-hit a bases-loaded triple off reliever Hal Renitt and the Angels were home free.

Minnesota used six pitchers to hold the Orioles, Al Worthington getting the final out in the ninth with the tying run on third base. Rollins' ninth-inning triple off Harvey Haddix, third of four Baltimore hurlers, followed a pinch single by Frank Kostro.

Back-to-back doubles by rookie Jay Ward and Rollins in the seventh matched the Orioles' run in the third, fashioned on a single by Jack Brandt, a sacrifice, intentional walk and Bob Johnson's RBI single.

Chicago's Martin opened the 10th with a single off Wickersham, who failed in his bid for second on winning pitcher Hoyt Wilhelm's sacrifice bunt and before Staehle came through with a hit to left.

White Sox on one run and three hits until Burgess homored in the eighth. The Tigers, held to two hits through six innings by

73 Entrants in Picture Competition

On this page today Hope Star announces the winners in the newspaper's first Vacation Picture Contest — which is expected to become an annual event. There were 73 entrants and more than 150 pictures, since many contestants put in two or more photographs. The contest opened May 27 with its announcement in the Summer edition of the Four Seasons Tabloid, and ran through Labor Day. Winners were determined by A. H. Washburn, editor and publisher of Hope Star and a photographer of nearly 30 years' experience, judging the pictures in association with the newspaper's department heads. The Star thanks all contributors — and wishes all of them better luck another year. As for the winners, they don't need any more luck—their prize checks went out in this afternoon's mail.

Caroline Has Entered the First Grade

NEW YORK (AP) — The Convent of the Sacred Heart, a Catholic school for girls, has a new pupil — Caroline Kennedy. Hand-in-hand with her mother, the 6-year-old daughter of the late President John F. Kennedy went to her first day of school Tuesday. She wore the school uniform, a gray flannel Eton jacket, matching pleated skirt and a white blouse. Some nuns and pupils watched from a second-story window of the school at the corner of Fifth Avenue and 91st Street as Caroline arrived. Caroline's aunt, Mrs. Peter Lawford, wife of the actor, and Sydney Lawford, 8, accompanied Caroline and her mother. Sydney is entering the school, too. The two girls moved through the chattering groups of pupils with apparent ease. Caroline entered the second grade. Last year, she attended special classes at the White House.

Politics Mixed With OU Sports

OKLAHOMA CITY (AP) — Oklahoma University student Democrats mixed politics with sports Tuesday. They want an Oklahoma football victory over Texas but oppose former OU grid coach Bud Wilkinson, Republican nominee for the U.S. Senate, and Sen. Barry Goldwater, GOP candidate for president. The students came up with some new auto bumper signs that read: "Beat Barry, gold and Texas."

New Talk of Rail Strike Poses Threat

By NEIL GILBRIDE
WASHINGTON (AP) — New strike talk threatened today to break the nation's uneasy railroad labor peace that followed last April's extraordinary White House settlement. A different set of unions are involved this time, but the basic issue is the same — demands for job protection in an industry with drastically declining employment. The 150,000 members of six AFL-CIO railroad shop unions reportedly are ready to walk out Monday, although a management spokesman said no formal strike notices had been served. "Unless there's some agreement, they don't expect to be at work Monday," said Edward J. Carrough, spokesman for one of the unions. "We should be given 72 hours notice," commented chief railroad negotiator J. E. Wolfe in Boston. "I have not been told that they have set a strike date." Other railroad sources said there was no question that a strike by shopmen who maintain railroad equipment would halt most of the nation's trains, precipitating a national emergency like the one that caused

President Johnson to step in last spring. Carrough, organization director of the Sheet Metal Workers' International Association, said all six shop unions had "agreed to take a united stand." There has been no report of progress in negotiations since a presidential emergency board last month recommended certain protection for shop men whose jobs or are moved to lower paying jobs due to technological changes. Sweeping changes in equipment and operations that sharply cut railroad employment have been a source of labor friction in the industry for years. The emergency board recommended a five-year guarantee of present pay to any shop employee whose wages are reduced and five-year guarantee of 60 per cent of monthly wages for any man who loses his job. A ban on any strike that automatically went into effect when the President appointed the emergency board expired last week. This is similar to the situation last April when all strike-delaying measures under the Railway Labor Act had expired and Johnson asked five train operating unions to sit down voluntarily with government mediators in the White House. That dispute was settled April 22 after 13 straight days of virtually round-the-clock talks. The six shop unions involved in the current dispute are the Sheet Metal Workers, International Brotherhood of Boiler Makers, International Association of Machinists, Brotherhood of Railway Carmen, International Brotherhood of Electrical Workers and International Brotherhood of Firemen and Oilers.

British Groan Over Defeat

LONDON (AP) — Sovereign's defeat by Constellation in the first race of the America's Cup series brought familiar groans from the British today and hardly a hope that the cup will be won from the United States. The London Times correspondent reported from Newport, R.I.: "The most dismal predictions of British supporters were confirmed."

Jackson Is First Twenty Game Winner

By JOE MCOSHIL
Associated Press Sports Writer
CHICAGO (AP) — It isn't often that a pitcher for an eighth-place club wins 20 games. Now comes Larry Jackson of

the Chicago Cubs, who are destined to finish eighth in the National League. Not only did Jackson, an industrious 33-year-old right-hander, notch his 20th victory Tuesday, beating Cincinnati 6-1, but he became the first in the majors to reach the coveted plateau this year. Jackson has had 10 losses this season. Several times in his 10-year career, Jackson has flirted with 20 victories but never made it. He won 19 with St. Louis in 1960 and last year he had a 14-18 record with the Cubs. He appeared to be a cinch to win 20 his first year with Chicago but finished the season with seven straight losses. "I was a better pitcher last year than this season," said Jackson, who finished last year with a 2.55 earned run average compared to his 3.31 this season. "But even a good pitcher needs luck to win 20 games," said Jackson, who credits his success to his distinct slider and his control. "I once walked 141 men in one season in the minors," said Jackson. This year he has yielded but 53 passes in 253 innings. "Somebody told me that whenever I throw, I should throw at something. You know, have a target. Jackson developed his slider in 1953, one year after he scored 28 victories with Fresno in the minor leagues. His triumph over Cincinnati was his sixth straight. Four of the six hits he yielded came in the first two innings. He limited the Reds to two hits the rest of the way and said after the second inning he was as good as he had been earlier in the season when he blanked the Reds on one hit. The first ballhouse in Hot Springs was built in 1830.

Six Workers Drowned in Water Canal

FORT PIERCE, Fla. (AP) — Six farm workers drowned today when a bus carrying them to work plunged into an 18-foot-deep canal southwest of here and disappeared beneath the water. Six bodies were recovered and a deputy at the scene said: "There may be more. Nobody got out." Divers from the sheriff and fire departments continued the search. The driver of the bus was believed to be Foley Pinkney of Fort Pierce. The bus was bound for the O.I. Peacock ranch where the men are employed. The reason for the wreck, in

raining. I just wish it hadn't happened." Solomon escaped injury. No serious injuries were reported among farm workers, who escaped the tragedy. The truck, owned by the Peacock Fruit and Cattle Corp., and the six bodies were recovered from 18-foot depth in a 75-foot-wide canal called locally the "Rim Ditch."
